Business Arising from the Previous Meeting

Todd has made a list of unfinished initiatives the committee has discussed. He will share the list in advance of the next meeting so we can discuss. Clerk Genevieve Scharback will be invited to the next meeting and may be able to provide advice about these ideas.

Cheryl will email Genevieve to invite her to our next meeting.

Geoffrey reported on two committee recommendations that were adopted by council: appointing a new member and West Grey sending a letter of appreciation to Elephant Thoughts. Perhaps the clerk can help members who want to track the progress of our recommendations through the website documents.

Geoffrey reported that he received 50 copies of "The Business of Accessibility" by the Ontario BIA. He will coordinate delivering some to each member who can then share them with businesses if they are discussing accessibility.

Cheryl and Todd will finalize an email to the Durham BIA to continue discussing getting StopGap ramps for area businesses.

Jen did not have an update on renovations at the Legion.

New Business

Geoffrey reported that Durham Homecoming is in planning for 2022 and they could be a partner for a capital project.
